Subject Index to Volume 10

(ab.) = Abstract; (E) = Editorial; (LE) = Letter to the Editor

Absorption

- iron, effect of sorbitol on, 124
- coenzyme-vitamin B₁₂, effect of hog intrinsic factor on, 134

Abstracts of current literature

- Dietary fats
 - and serum lipids, 263
 - and thrombogenesis, 177
- Experimental liver disorders, 175
- Infant nutrition and milk, 91
- Items of general interest, 360, 451, 531
- Nonesterified fatty acids, 265

Adipose tissue

- fatty acid in, and coronary arteriosclerosis, 250
- human, composition of, 11

Adolescent children, nutritional status of, 68

Adrenal steroids, effect on malabsorption induced by neomycin, 325

Aging

- persons, nutrition of, 181
- population, bone density of, 337

Alcoholism, urinary excretion of zinc in, 153

American Society for Clinical Nutrition, program of second annual meeting, 347

Ammonia and protein metabolism in cirrhosis and hepatitis, 46

Anemia, megaloblastic, and dietary deficiencies, 3

Antibiotics and folic acid (LE), 447

Antibody response

- dietary protein variations and, 500
- factors affecting, 500, 506
- homologous gamma globulin and, 506
- in children with protein malabsorption, 379

Appetite suppressants, screening method for assessment of, 225

Arteriosclerosis, coronary, and fatty acid patterns in adipose tissue, 250

Artery, atherosclerotic femoral, polyunsaturated fatty acids in lipids of, 217

Arthritis, dietary alterations and, 398

ASCN News, 90, 347

Atherosclerosis

- and cholesterol, 269
- and diet in Guatemalan Indians, 403
- polyunsaturated fatty acids and lipids, 217

Balance studies, long-term, uncertainties in interpretation and validity of (E), 95

- Bantu prisoners, influence of diet on serum lipids in, 484
- Benedictine monks, influence of diet and stress on blood cholesterol, hypertension and coronary heart disease among, 456

Benzmalacene in cholesterol biosynthesis, 310

Bibliography, annotated, on bone densitometry, 59

Blood

- cholesterol
 - and high calorie, high saturated fat intakes, 471
 - influence of diet and stress on, in Benedictine and Trappist monks, 456
 - and olive oil, 119
- levels of vitamin B₁₂, elevated, maintenance of, 56
- viscosity, effect of nutritional factors on, 418

Body composition and creatinine excretion, 128

Bone

- densitometry, annotated bibliography on, 59
- density of an aging population, 337

Somatic Stability in the Newly Born. Ciba Foundation Symposium, 55
- Calcium**
in spinal osteoporosis, 384
intake of children, 79
- Calorie, high, high saturated fat intakes associated with low blood cholesterol, 471
- Cholesterol**
see also Blood cholesterol
Serum cholesterol
and atherosclerosis, 3, 269
biosynthesis
and nicotinic acid, 285
SK&F 525, SK&F 3301, Triparanol and benzmalacene in, 310
fed rabbits, fatty acid composition of plasma lipids in, 240
plasma, effect of commercial margarines on, 391
serum, effect of fat feeding on, 332
serum, effect of para-aminobenzoic acid on, 158
serum, effect of prudent reducing diet on, 200
- Cirrhosis**
ammonia and protein metabolism in, 46
postalcoholic, urinary excretion of zinc in, 153
- Coenzyme-vitamin B₁₂**
effects of intrinsic factor on, 134
serum and urinary levels of vitamin B₁₂ after injection of, 480
- Computer, digital, use in study of eating habit patterns, 98
- Corn oil supplementation of diet, effect of, 217
- Coronary**
arteriosclerosis and fatty acid patterns in adipose tissue, 250
heart disease, influence of diet and stress on, in Benedictine and Trappist monks, 456
- Creatine, urinary, plasma and muscle, effect of tocopherol on, 368
- Creatinine excretion and body composition, 128
- Culture, social change and infant feeding in tropical regions, 19
- Cyanocobalamin, serum and urinary levels of vitamin B₁₂ after injection of, 480
- Cystic fibrosis of pancreas and tocopherol deficiency, 368
- Dental caries**, effects of pyridoxine supplements on, in pregnant women, 512
- Depo-estradiol in hypocholesteremia, 277
- Dermal losses of nutrients, significance of, 163
- Diet**
and arthritis, 398
and atherosclerosis in Guatemalan Indians, 403
and stress in Trappist and Benedictine monks, 456
corn oil supplementation of, effects of, 217
high unsaturated fat, effect in hyperlipemia, 443
high unsaturated fat, in reduction of serum lipids, 114
influence on serum lipids in South African White and Bantu prisoners, 484
prudent reducing, effect on serum cholesterol of overweight middle-aged men, 200
- Dietary**
alterations, effects on polyarthritis, 398
deficiencies and tropical sprue, 3
fats
and serum lipids (ab.), 263
and thrombogenesis (ab.), 177
fatty acids and serum cholesterol levels in vegetarians, 516
intake and riboflavin and niacin nutrition, 68
protein and its effect upon antigenic response, 500
- Diets, nutritive value of, as affected by extraction rate of flour and soya meal supplementation, 231
- Digital computer, use in study of eating habit patterns, 98
- 5,6-Dimethylbenzimidazolylcobamide absorption, effect of hog intrinsic factor on, 134
- Eating habit patterns**, use of digital computer in study of, 98
- Ecology and blood viscosity, 418
- Editorials**
Education and training in nutrition, 1
Every man his own nutritionist, 179
Food, fallout and the future, 323
Introduction to symposium on hypocholesteremic agents, 267
Nutritional advice, a problem and a challenge, 365
Past, present and future, 453
Uncertainties in the interpretation and validity of long-term balance studies, 95
- Education and training in nutrition (E), 1
- Fallout**, food and the future (E), 323
- Fat**
diet, high unsaturated, resulting in reduced serum lipids, 114
dietary
and serum lipids (ab.), 263
and thrombogenesis (ab.), 177
feeding, effect on serum cholesterol levels and plasma fibrinolytic activity, 332
feeding, serum cholesterol and plasma fibrinolytic activity, 332
intakes, high calorie, high saturated, associated with low blood cholesterol in Swiss Alpine village, 471
metabolism in malnourished tropical children, 111
tolerance, sitosterol, nicotinic acid and triparanol, 107

- Fatty acid**
 composition
 of adipose tissue, 11
 of plasma lipids of normal, triton-treated and cholesterol-fed rabbits, 240
 in adipose tissue and coronary arteriosclerosis, 250
 patterns in adipose tissue and coronary arteriosclerosis, 250
- Fatty acids**
 and serum cholesterol in vegetarians, 516
 nonesterified (ab.), 265
 polyunsaturated, in lipids of atherosclerotic femoral artery, 217
- Feeding, infant, culture and social change in tropical regions, 19**
- Femoral artery, atherosclerotic, polyunsaturated fatty acids in lipids of, 217**
- Fibrinolytic activity, plasma, and fat feeding, 332**
- Fibrosis, cystic, of pancreas and tocopherol, 368**
- Flour, diets as affected by extraction rate of, and its supplementation with soya meal, 231**
- Folic acid and antibiotics (LE), 447**
- Food, fallout and the future (E), 323**
- Gamma globulin, homologous, effects of large doses upon antibody response in man, 506**
- Gas paper chromatography in cholesterol biosynthesis, 310**
- Glucose oxidative pathway in red cells and thiamine, 257**
- Gluten and adrenal steroids, effect on malabsorption induced by neomycin, 325**
- Guatemalan Indians, rural, serum lipids in, 403**
- Heart disease, influence of diet and stress on, in Trappist and Benedictine monks, 456**
- Hepatic changes and pantothenic acid deficiency, 525**
- Hepatitis, ammonia and protein metabolism in, 46**
- Hog intrinsic factor and coenzyme vitamin B₁₂ absorption, 134**
- Hydroxocobalamin, serum and urinary levels of vitamin B₁₂ after injection of, 480**
- Hyperlipemia, high unsaturated fat diet in, 443**
- Hypertension, influence of diet and stress on, in Benedictine and Trappist monks, 456**
- Hypocholesteremia, Triton WR-1339 and depo-estradiol in, 277**
- Hypocholesteremic agents**
 comparative studies on, 277
 symposium on, 267-322
 thyroxine analogues as, 297
- Infant**
 feeding, culture and social change in tropical regions, 19
 nutrition and milk (ab.), 91
- Infants, comparison of orange juice and commercial instant breakfast drink in, 137**
- Iron absorption, effect of sorbitol on, 124**
- Kwashiorakor**
 antibody response to typhoid vaccine in children with, 379
 fat metabolism in, 111
- Letters to the editor**
 Antibiotics and folic acid, 447
- Liothyronine administration resulting in reduced serum lipids, 114**
- Lipid levels among rural Guatemalan Indians, 403**
- Lipids**
 of atherosclerotic femoral artery, polyunsaturated fatty acids in, 217
 plasma, fatty acid composition in normal, triton-treated and cholesterol-fed rabbits, 240
 reduced, after liothyronine administration and high unsaturated fat diet, 114
 serum
 and dietary fats (ab.), 263
 and nicotinic acid, 285
 influence of diet on, 484
 mechanism of action of nicotinic acid in lowering, 285

- Symposium on hypocholesteremic agents, 267-322

Thiamine

- and riboflavin in chewable vitamin products, 212
- and the glucose oxidative pathway in red cells, 257
- Thrombogenesis and dietary fats (ab.), 177
- Thyroxine analogues as hypocholesteremic agents, 297
- Tissue
 - adipose
 - fatty acid patterns and coronary arteriosclerosis in, 250
 - composition of, 11
 - changes in malnutrition, relation of race and sex to, 410
- Tocopherol deficiency in infants and children, effects on urinary, plasma and muscle creatine, 368
- Trappist monks, influence of diet and stress on blood cholesterol, hypertension and coronary heart disease among, 456
- Triparanol
 - effect of fat tolerance, 107
 - in cholesterol biosynthesis, 310
- Triton-treated rabbits, fatty acid composition of plasma lipids in, 240
- Triton WR-1339 in hypocholesteremia, 37, 277
- Tropical sprue, nutritional deficiencies in, 3
- Typhoid vaccine, antibody response to, in children with kwashiorkor, 379

Urinary

- creatinine, effect of tocopherol on, 368
- excretion
 - of vitamin B₁₂ after injections of cyanocobalamin, hydroxocobalamin and coenzyme-vitamin B₁₂, 480
 - of zinc in alcoholism and postalcoholic cirrhosis, 153

Vegetarians, nutritional studies in, 516

Vitamin B complexes, parenteral studies with, 480

Vitamin B₁₂

- absorption of coenzyme form and hog intrinsic factor, 134
- blood levels, maintenance of, 56

Vitamin E

- administration followed by increase in creatine, 368
- deprivation followed by increase in urinary creatine, 368
- Vitamin products, chewable, physiologic availability of riboflavin and thiamine in, 212

Zinc excretion in alcoholism and postalcoholic cirrhosis, 153
